Dedication

Rick Sowers, a graduate of Whittier College, came to Santa Fe fresh out of college in 1967. Presently he is teaching Life Science and is S.F.'s head wrestling coach.

A wrestler himself, Sowers was a 3 time CIF wrestler at Cal Hi and La Serna. (Captain his junior and senior yrs.) He also played football on La Serna's V. Football team. After graduating he attended Whittier College where he started a wrestling team and was state champ 2 yrs. in a row. In 1968 he was first alternate for the U.S. Olympic Wrestling Team.

With a very impressive wrestling program here at SF, Sowers enjoys coaching. "Most of the guys that coach aren't in it for the pay — you've got to enjoy being around people." According to Mrs. Sherri Sowers, "Teaching and working with students is what makes him happiest. There is seldom a week gone by that students don't stop by the house to visit him or to talk over their problems."

Rick is married to his high school sweetheart and has 3 children — Shawna, Shannon, and Shane.

Congratulations, Coach, we dedicate the 79-80 Legend to you and wish you all the luck in your future plans and ambitions.

Shawna, Sherri, Shannon, Shane and Rick Sowers.

1967 — After graduation (Whittier College)

This year has been a good year for the Santa Fe Drill Team. They participated in numerous conpetitions, taking 1st place in the Buena Park Silverado Days Parade and competing in the Hawthorne Band Review. In the El Monte Christmas Parade they took 2nd place. They also participated in the Cal Poly Half-time competition and took 4th in the Whittier Band Jamboree. Also they competed in the annual Miss Drill Team U.S.A. held in Santa Monica. Again this year they participated in the Las Vegas Heldorado Days Parade — a traditional competitve parade for the Drill Team.

Along with their competitive outings, the Drill Team supports school athletics and performs regularly for the school assemblies. Additionally the drill team sponsors many fund raising activities to help defray the costs of uniforms and training camps. Of course there are also the traditional picnics, Halloween dress-ups, Christmas Slumber Party and annual awards banquet. Other activities include spirit week and spirit stick which occurs during football season. Before each activity there is a "drill down" recognizing the girl most proficient at "drill" at that time. New this year is the "Big Sister/Little Sister" program, which promotes spirit amongst new and old members.

This year has been a most successful year due in part to the great job done by the officers with the continuing support by the drill team members and parents. Also to Mrs. Benjamin, the advisor, for her time and patience.

Under the direction of a new band director the Chieftain Band had another very busy year with active participation and accomplishment in many exciting endeavors including participation in the annual Hawthorne Band Review and a first place trophy in Buena Parks annual Silverado Days Parade. They also competed in the Cal-Poly half-time competition and placed second in the annual Whittier Band Jamboree (a district half-time competition). The Band also participated in the Las Vegas Hel Dorado Parade which is a traditional competitive parade for the Santa Fe Chieftains. This year there was also a combined Band and Drill Team Christmas Party with Saint Nick.

This was an "Outstanding" Year for the majorettes. Debbie Romo kept the group very busy, taking 1st in the Band Jamboree. The team placed a 1st in the annual Buena Park Silverado Days Parade and the El Monte Christmas Parade. They also competed in Saddleback High School competition and Miss Drill Team U.S.A. competition.

Tennis

Team spirit and personal pride are prime factors in being able to compete in tennis. Santa Fe's tennis team has shown it has these qualities. Each year the tennis team's program has shown improvement. This season we took second place in league. At the Whitmont League finals the doubles team — Debbie Mestas and Liz Moya — took first place over all. This year we entered post C.I.F. competition for the third straight year and look forward to continued success.

Santa Fe water polo had a very good season this year. The team would like to thank Haven Kolls and Ron Osumi for their coaching Santa Fe to their second Whitmont League Championship in the past two years. Also thanking Bryan Nakagawa and Andy Takata for their coaching in the summer.

This year's starting line up was one of the most powerful offensive teams in Southern California, being ranked 8th in C.I.F. Paul Velasco was MVP this year. First team was Craig Werner, David Sharp, and Brett Morgan. Honorable Mention went to Bill Dill and Robert Guzman.

In league Santa Fe was undefeated with a league record of 7-0. However, in C.I.F. we did not do as expected. Santa Fe got beat in the second round against Mission Viejo 11-8.

Santa Fe will have five returning starters next year. We hope to do well and take league again for the third consecutive year in a row which has never been done in the history of Whitmont League water polo!

League Champs

This year Santa Fe wrestling was composed of experienced as well as inexperienced wrestlers. With this team, Santa Fe entered the toughest competition ever faced. Aside from three early dual match losses, the team still possessed the traditional winning trend known to Santa Fe. This we proved at El Rancho by placing first in their tournament. Followed were team titles at Mira Costa, Santa Fe, and a third place in the toughest competition in Southern California, The Five County Tournament.

Santa Fe captured its ninth consecutive team league championship, with Pioneer coming in a near second place. League Finals displayed the strength of the team with six individual league titles: Ruben Romero 106, Louie Macado 115, Gary Meche 123, Manuel Flores 130, Manuel Portugal 141, and John Mather 157, along with the league champions — Jeff Bowen 136, Gilbert Cardenas 148, and Todd Sykes 194 capturing second, and Jeff Mahlstede with a third place. This qualified the ten into C.I.F. competition, with alternates Florente Gordovez 98, and Ron Anderson 178, and heavyweight Joel Martinez.

Out of the ten, only Ruben Romero, Louie Mecado, Gary Meche, and John Mathers qualified for Finals. Ruben won first place in CIF and took fourth in State competition.

Rick Sowers

He is a coach of hard work and pride
Who takes life slowly with a confident stride
It seems to me that this great man
Has Achieved far more than anyone can
Although he has gone through many a trial
He goes through each with tremendous style
Many, many times he has lost his cool
Sometimes he may even seem such a fool
But there is one thing I must say
Before I close this poem and go my way
Coach Rick Sowers is a friend we all admire
For he gives us that great desire . . .

MAT STATS

Mat-Stats is an organization that was formed for the sole purpose of supporting the great wrestling teams Santa Fe has turned out over the years. We're a group that has fun while we're accomplishing our goals of giving the team recognition and letting them know that all of their efforts are greatly appreciated.

The Pep Club is an organization that was started up again this year. The last year that Santa Fe had a Pep Club was in 1971. This club was made up to help give support to all of sports which go on at Santa Fe. Also to promote school spirit.

Key Club

Key Club is a community and school service organization. It is sponsored by a local Kiwanis Club composed of the leading business and professional men of the community. Through this sponsorship Key Club learns more about the community, what the Key Club can do to make it better and also has the opportunity to gain knowledge about various businesses and professions. As a school service organization it aims to develop initiative, leadership abilities, and to be of service to the school when called upon. This combination of community and school service, coupled with the sponsorship of a local Kiwanis Club provides a chance for students to use their talents in improving their community and school, as well as improving their own abilities.

"HI-JINX is a program designed to incorporate dance, music, and costumes into one fun filled event.

This years HI-JINX was especially fun for me. With Continuity keeping me laughing, the groups working hard, dancing, and my "right hand man" Brenda Heier busy writing, I can truly say I'd love to be involved with HI-JINX again!!

This program would not have been possible if I had not been aided by the many wonderful people that I worked with!!

THANK YOU ALL!!"

HI-JINX SONG 1980

(SUNG TO TUNE OF "MY DARLING CLEMENTINE)

In the North Gym on a SAT. we all took a PAUSE IN TIME. And that SAT. we did see the DREAM POLICE had solved a crime. And the crime it was committed by SATIN 'N SPURS, DOWN SESAME STREET was where they stole the priceless furs.

CHORUS:
WE DID TAKE A
WE DID TAKE A
WE DID TAKE A PAUSE IN TIME
ON THE 15th DAY IN MARCH
WE DID TAKE A PAUSE IN TIME.

NOW WE return to the crime of the century, the burglars took A VOYAGE TO THE BOTTOM OF THE SEA. SERGEANT PEPPERS LONELY HEARTS CLUB DANCERS THEY did have to pout, because their furs were taken from them AT THE HOBO HIDEOUT. When the culprits were arrested they were tried and finally, they were sentenced by the members of CONTINUITY.

Their sentence was to come here and perform in front of you. With the help of MISS MARTYN, and the aid of STAGE CREW.

(REPEAT CHORUS!!)

Georgianna Dedrick started teaching at Santa Fe in 1964. Two years prior to that she taught at Portola Junior High School.

Before she entered into the teaching profession, she served for many years as an executive secretary for a number of large business firms.

Since then, she has received her Bachelor's Degree from Akron University and has taught typing, shorthand, note hand, general business, office machines, secretarial practice, business English and simulated office training. She was also an active member of the National Secretaries Association.

While teaching at Santa Fe she acted as a sponsor for Future Business Teachers of America, and Future Secretaries of America. She is constantly in touch with and contacted by people who have graduated and are pursuing successful business and secretarial careers.

Two Very Special People

Paul Mattijetz began teaching in 1952 at Whittier High School. He came to Santa Fe in 1956.

In the nine years he spent teaching here, he taught such courses as metal shop, general shop, Mechanical drawing, and handicrafts. Paul received his Bachelor's Degree in industrial arts from the University of Southern California at Santa Barbara and was also named head of the industrial arts department here at Santa Fe.

In 1961, Mr. Mattijetz became a part-time counselor, and has been a full time counselor since 1967. He has helped many students arrange their college courses and vocational careers.

Mr. Mattijetz enjoys duck hunting, fishing, and plenty of traveling. He plans on enjoying his hobbies and his retirement.

Infant Development Program

Industrial Aide

The Infant Development Centers provide an excellent lab for the student-parent and non-parent students. The students learn about infants and toddlers and in turn, the children get extra special care and attention from the high school students.

High school student-parents begin bringing their infants and toddlers at 7:30 a.m., and take them home after their classes at about 3:30 p.m. The children receive healthful, loving care on a continuous basis; and there is a two-way involvement which stimulates emotional and mental growth. An educational environment for infants and toddlers is a vital part of the project.

The purpose of the Infant Development Center is to provide young student-parents with an opportunity to finish their high school education. The nursery is a method of caring for the children as well as a learning situation for the student-parent. Student-parents receive instruction in care and development of children. The loving, accepting atmosphere facilitates the development of a positive self-concept in both student-parent and child. Mrs. Carol Mott

To my friends,

Our past hopes and dreams are just as important as our future goals and achievements. For within those hopes and dreams we were able to plan a firm foundation for our future; therefore, learn from the past, seek the future but live in the present. Build your life with the incentive to make the cornerstones of your foundation perfect so that it may stand to the end with humble pride.

Class of 80: "There are three things that remain — Faith, Hope, and Love — and the greatest of these is love. (I Corinthians, 13: 13)
